(I don't have a phone number for him; also he left before we discussed plans for party)

For now, I will wait to hear from you re. plans for the party. I am assuming it will not be til early 1995; but I agree with you that follow-up contact should be made with Andy, the Katzs, etc. so that we don't lose their interest. We can send out invitations/letter from the State Office.

Looking forward to seeing you November 12!
